

Minnesota law requires primary care and pediatric clinics to annually post the following information for the top 25 most commonly billed services priced over \$25, including the top 10 Evaluation & Management and Preventive Medicine services. WinnMed supports the intent of this law to educate patients on the cost of health care and the patient financial responsibilities. WinnMed can provide patient estimates for services to be performed. The amounts posted below do not reflect the amounts(s) each clinic patient will pay for the services listed. Mabel Clinic does not separately charge facility fees for routine clinic visits. For specific information about the amount you will owe for the services you receive, please phone WinnMed at (563) 382-2911 and ask to speak to one of our Financial Counselors. Office hours are 8 a.m. to 5 p.m., Monday through Friday.

Charges represent the standard amount a clinic bills for a service. For most patients, clinics get paid an amount well below the listed charge. Patients covered by commercial health insurance or a Medicare Advantage plan: Your health insurance company has likely negotiated a discount or contracted rate for each service. Your health insurance company's negotiated price might be higher or lower than the average commercial payment amount listed above.
