2024
GRATITUDE REPORT

Legacy

Clair and Helen Knutson believed that supporting healthcare was vital for the future of their hometown. As they planned their estate, Clair and Helen knew they wanted to make a lasting impact on the community that had supported them for so many years. The Knutsons' passion for healthcare became personal after the tragic loss of their daughter, Corrine, in a fatal accident. Several years later, they faced another heart-wrenching loss with the passing of their son, Thomas, due to a heart condition. In memory of their children, Clair and Helen chose to leave a legacy through their Charitable Remainder Trust (CRT), ensuring the Knutson family's commitment to health and well-being will continue to benefit future generations for years to come.

Transform

We are thrilled to share that the first phase of the Transforming Tomorrow Project was completed in December 2024—the renovated obstetrics unit. Thanks to your contributions, the WinnMed Foundation (shown above) was able to financially support this critical project, ensuring families in our community have access to the highest-quality care during one of life's most important moments.

The newly renovated obstetrics unit features six state-of-the-art birthing suites, where families can labor, deliver and recover in a comfortable and modern environment. These suites are equipped with the latest technology and designed to provide a safe, welcoming space for mothers, families and newborns during this life-changing experience.

Hope

This year has been a time of transformation, marked by the expansion and renovation of our obstetrics unit, clinic and surgery. Your generous support through our naming opportunities has made this progress possible.

Believe

The WinnMed Foundation is deeply grateful for the generous contributions of local organizations. Thank you to:

- **Walmart** for a grant that improves recycling efforts, making our campus more efficient and environmentally friendly.
- **The Depot** for funding the purchase of a hi-lo bariatric therapy table, enhancing care in our rehabilitation department.
- **Winneshiek County Community Foundation** for supporting the purchase of a Cuddle Cot system, and for funding new bassinets for our birthing suites.
- **Winneshiek Lodge I.O.O.F #58** for their gift that helped us acquire educational toys (shown above) for our pediatric therapy program.
